JESUIT EDUCATION

St. Mary's School imparts education based on the Ignatian Pedagogy (IPP) which calls for human excellence and the fullest possible development of human qualities - 'Cura Personalis.' This holistic system of education encourages students to continuously develop their imagination, emotion, conscience and intellect using new experiences as opportunities for growth. Jesuit education goes beyond rote learning to help foster complex skills such as understanding, application, analysis, synthesis and evaluation.

CORE PURPOSE

To create a collaborative learning community where each student grows holistically into being responsible citizens of the world

CORE VALUES

A deep commitment to the concept of 'Magis' challenging students to go beyond what is expected, interacting with the world with generosity, excellence and empathy.

CORE VISION

A child-centric approach to learning which caters to all strata of society creating 'Women and Men for Others' who hold up ideals of compassion, justice and integrity.

FACILITIES THAT FOSTER EXCELLENCE – ON THE FIELD, STAGE, AND BEYOND

Our diverse range of clubs and activities, from Robotics to the Photography Club, ensures that students explore their passions beyond academics. With a focus on sports, SUPW, and a global perspective through our Student Exchange Programme, St. Mary's nurtures well-rounded excellence.

ST. MARY'S ISC

A NEW ERA OF EXCELLENCE

SHAPING GLOBAL CITIZENS WITH A HOLISTIC CURRICULUM

St. Mary's proudly introduced its much-anticipated Co-education ISC program affiliated to the ISC Board on Thursday, August 11, 2022. The Indian School Certificate (ISC) is a prestigious board examination conducted by the Council for the Indian School Certificate Examinations (CISCE) in India, equivalent to the 12th-grade examination. Recognized nationally and internationally, ISC offers students a robust foundation for higher education.

ISC's comprehensive curriculum encourages critical thinking and in-depth knowledge across various subjects, with a strong emphasis on English language proficiency, ensuring that students are well-prepared for global academic challenges. The holistic approach not only develops academic excellence but also nurtures well-rounded individuals ready for university and beyond.

While ICSE (Indian Certificate of Secondary Education) focuses on the 10th-grade level, ISC elevates this foundation by preparing students for their final years of secondary education, opening doors to opportunities in India and abroad.

ST. MARY'S SCHOOL, ICSE

A LEGACY OF 160 YEARS OF EXCELLENCE

Founded in 1864, St. Mary's School is a prestigious Jesuit institution affiliated with the Council for the Indian School Certificate Examination (CISCE). Located on Nesbit Road, the school's origins date back to 1852, when it was established as an orphanage and school in Parel. The current blue stone building, constructed in 1864, stands as a testament to its rich history. St. Mary's believes in realizing every student's potential, focusing on overall growth, not just the top achievers.

Why choose to study at St. Mary's ISC Integrated?

Brilliant Teachers: Dedicated Educators with a Passion for Excellence

Holistic Child Development: Academic Excellence, Sports, and Arts

Well-being and Happiness: Inclusion, Care, and a Nurturing Community

Excellence in Learning: Your Child's Potential – Far Beyond Expectations
